[js-assignments d826363] js assignments files

Committer: Dhote <gayatri.dhote@capgemini.com>

Your name and email address were configured automatically based

on your username and hostname. Please check that they are accurate.

You can suppress this message by setting them explicitly:

```
git config --global user.name "Your Name"
```

```
git config --global user.email you@example.com
```

After doing this, you may fix the identity used for this commit with:

```
git commit --amend --reset-author
```
